Press Release

EAGLESTONE WAS FINANCIAL ADVISOR TO THE JASPER POWER PROJECT ON ITS SENIOR DEBT REFINANCING

Eaglestone is pleased to announce that it has acted as financial advisor to the Jasper Power Project on its senior debt refinancing, which successfully achieved Financial Close this past weekend.

“Closing this transaction has been particularly special - Eaglestone advised on the initial bid in early 2012 into the second round of the Renewable Energy Independent Power Producer Procurement Programme, shortly after which it was awarded Preferred Bidder status. In May 2013, we also advised on the achievement of Financial Close, with the project operating very successfully since the end of 2014. Twelve years later, advising the team on closing out the refinancing of their senior debt demonstrates our ability to continue to add value to a long-standing client on an already thriving renewable energy asset.” – Blaine Foster, Executive Director on the transaction, Eaglestone Capital Advisory Cape Town Office

About Eaglestone

Eaglestone is an investment banking platform focusing on delivering value added financial advisory services on project and corporate finance in the infrastructure and energy sectors in Sub-Saharan Africa.
